

All Saints Offering

Each year we collect a missions offering for development in Africa. This offering received on the Sunday closest to the feast of All Saints. Each church (and clergy not assigned to a church) should send their offering to the Patriarch's office. Checks should be payable to "ICCEC" memo: Development offering. Send your checks to:

About CEC Development

CEC Development seeks to empower local leaders to provide for themselves. We hope to provide the "fishing pole" and then teach them to fish, but providing start up capital and business expertise so that they can build their own business, whose profits not only employ local people, but provide each diocese a reliable income that free them from being dependent of donors support and fund raising.

We work in Cooperation with our Bishops in Africa. Of the donations received **80%** is designated for development of income producing businesses for the long term support of ministries in Africa. **20%** is designated for Mercy (disaster relief, medical care, emergency benevolence). These funds are given to the four General Secretaries who, along with their House of Bishop, decided how best to allocated the donations. Last year \$25,364 was raised. The charts below show where the 2012 funds came from and how they were used:
